No. C. 3536/36-37

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE.

Dated Bangalore, 9th March 1937

FROM

K. V. Anantaraman. Esq. B.A.,
Revenue Commissioner in Mysore.

TO

M. Venkataraghappa. Esq. B.A.,
Secretary to Government

of His Highness the Maharaja of Mysore,
Development Department, Bangalore.

Maintenance of roads in the Bagepalli taluk.

SIR,

In forwarding herewith a copy of Kolar Deputy Commissioner's letter No. M2.V.P.C 1234/36-37 dated 12th February 1937, on the above subject, I have the honour to state that the Deputy Commissioner reports that certain road works were started in the Bagepalli taluk during the distress of 1934-35 at an estimated cost of Rs 20,031/- half the cost being met by Government out of the Distress Relief Fund the other half being shared by the 18th Village Panchayets within whose limits the roads passed. He further states that the roads have since been completed at an outlay of Rs 20,856/-, the excess of Rs 825/- over the estimated cost also being met by the Village Panchayets concerned. The annual maintenance charges of these roads are estimated at Rs 1000/- and the Deputy Commissioner reports after examination that the Village Panchayets concerned are financially unable to meet this item of expenditure out of their slender resources. As the roads have been laid out at much expenditure and are important ones in that they pass through many villages, the Deputy Commissioner proposes that the maintenance charges of Rs 1000/- may be shared equally by Government and the District Board, the Government's share being met by earmarking a sum of Rs 500/- out of the annual Rural Reconstruction Grant for the District, and has accordingly sought permission in the matter.

In the circumstances reported, I see no objection to the Deputy Commissioner's proposal and a sum of Rs 500/- may be set apart annually out of the Rural Reconstruction Grant for the District provided the District Board are agreeable to contribute a like sum for the

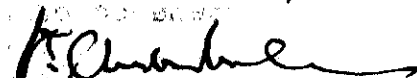

4200

purpose every year. I submit the proposal for the orders of
Government.

I have the honour to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

G.R.

902

Letter No.M2.U.P.C.3234/36-37 dated 12-2-1937, from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

Maintenance of roads in Bagepalli taluk.

I have the honour to state that three road works named below were started in Bagepalli taluk during the year 1934-35 as a measure of giving relief to the distress-stricken population in those parts -

	Miles.	Furlongs
1. Ouloor-Kothakote road	4	2
2. Nallacheruvu Rasheruvu	4	2
3. Nallacheruvu - Puligal	8	2

Total length. 24- 2

The estimated cost for the formation of these roads was Rs20031/- out of which Government shared half by granting amount out of Distress Relief Fund the other half being shared by the 18 village Panchayets within whose limits the roads passed. The roads have now been completely formed and the total outlay has amounted to Rs 20856/-. A sum of Rs 825/- has been spent in excess of the estimated cost. The 18 Panchayets have obtained loans from Government for the payment of their quota on condition that they would repay the loan together with interest at 5% in 10 annual instalments.

These roads have to be maintained in a good condition by effecting annual repairs. The Amildar states that a sum of Rs 1000/- is required every year for the maintenance of these roads taking the ^{minimum} mileage grant at Rs 40/- per mile. He has reported that the roads have been damaged during last ^{rains and} ~~rain~~ and are already in need of repairs. He also writes that the financial condition of the 18 Village Panchayets is not satisfactory and they can hardly repay even the annual loan instalments and that it would be impossible to expect them to maintain these roads out of their funds.

I have ~~the~~ inspected these roads in the month of September 1936. The roads open ~~by~~ the interior and pass through a number of important villages. They have been laid out at a great cost and required to be maintained in a good condition from year to year as otherwise the money spent on their formation will have ^{been} ~~taxes~~ wasted. I agree with the Amildar with regard to the inability of the Village Panchayets to maintain these roads out of their poor finances. The repayment of loans in itself is a difficult undertaking and besides this they have also been asked to meet the excess expenditure of Rs 825/- out of the collection of Village Panchayet arrears.

Letter No. 123456 dated 12-2-1977, from the Revenue Commissioner, Kolar, to the District Board, Kolar, regarding the maintenance of roads in the village Panchayats.

outstanding recovery. I propose that the annual grant of Rs 1000/- asked for by the Amildar for the maintenance of these roads may be met

equally by Government and the District Board. The Government share may be met by earmarking a sum of Rs 500/- out of the annual Rural Reconstruction grant for the District.

I therefore request you to kindly approve my proposal and allow me to set apart this sum every year out of Rural Reconstruction grant for the maintenance of these roads.

I have also made a reference to the President, District Board Kolar, requesting him to kindly arrange for the payment of a sum of Rs 500/- every year out of the funds of the District Board for the maintenance of these roads.

The roads have now been completely formed and limited the road is paved. The total survey has amounted to Rs 2880/- in excess of the estimated cost. The 18 Panchayats have obtained from Government for the payment of their debts on condition that they repay the loan at interest at 5% in 10 annual instalments.

Copy.

For Revenue Commissioner.

The Amildar states that a sum of Rs 1000/- is required every year for the maintenance of these roads taking the average of 10/- per mile. He has reported that the roads are in a poor condition and need a lot of repair. The condition of the 18 Village Panchayats is very poor and they are unable to repay even the annual loan instalments and would be impossible to expect them to maintain the roads at all.

I have inspected these roads in the month of September 1977 and found them in a very poor condition and need a lot of repair. They have been laid out at a cost of Rs 2880/- and need a lot of repair. A good condition from year to year as it is wise to keep a reserve fund for the purpose. I agree with the Amildar's proposal to the District Board to maintain the roads at a cost of Rs 1000/- per year. The repayment of loans is also a matter of concern and needs to be taken into consideration.
